Experience the history of this area during the American Revolution and the struggles of “Hulda the Witch.” Shunned because she was different, Hulda was a real-life hero of the war.

“Hulda’s Night” is a unique immersive theater experience transporting you back to the time of the Revolution as you walk along 2½ miles of carriage roads in the dark woods, captivated by some of the legends of Sleepy Hollow and the drama that played out between Hulda and the people of the town. In its 6th year, Hulda’s Night has been growing in popularity every year.
